

Rowan Class-Summer2

Notable news-We love school trips!

Rowan Class had a great time on our trip to Hertfordshire Zoo in June. We enjoyed looking at different animals and playing at the playground.

We also had a great afternoon for Sports Day! Pupils took part in dance and movement activities. Thank you to the parents who were able to attend.

Literacy and Communication

We have enjoyed taking part in our summer story and exploring a range of sensory items that relate to going to the beach. We have also been working on mark making, practicing the initial letter of our names, and visiting the school library to explore the different books available.

Personalised learning

Pupils have enjoyed their personalized learning time this term. In our class PLTs aims to customize learning for each student's strengths, needs, skills, and interests. Each pupil gets a learning plan that's based on what they know and how they learn best. Most pupils have their own workstation with clear visuals to communicate. Some pupils can work in a group.

Sensory Lights Activities

Rowan Class pupils took part in a sensory light activities this term to increase relaxation and motivation, to promote greater levels of happiness and wellbeing. Sensory play can encourage learning through problem solving, exploring and extended creativity. Many children develop their language and motor skills through sensory playtime.

Upcoming Events

Dear Parents / Carers

I am writing you one last time to thank you for sharing our children with me this past two school years. It's been a truly another amazing time in Rowan class and wonderful and rewarding year. This time together has been so special we have watched our pupils learn and grow.

'A little bit of each of you will always stay with me. Always strive to be the best that you can be'.
