

# Thames Class

## Summer Term

### Class Welcome

Welcome to the Summer term! We have had a great term, and we are looking forward to our summer holidays, and we're hopeful the warmer weather continues. We are looking forward to being outside more and making full use of the school grounds.

### Communication and interaction

Thames Class have been learning a new topic "Night and Day" and exploring the different animals that come out at night and daytime for our display boards. We've enjoyed a wide range of sensory stories, Reflexology and foot spas and enjoyed these in a calm and relaxing environment.

## **Cognition and Learning**

In food tech we have made a variety of things from biscuits, rock cakes, sausage rolls and pizza, exploring different ingredients and we had fun exploring the different tastes.

We really enjoy our sensory sessions, as we anticipate what will come out of the box; (sound, light, smell, touch)

Thames class enjoy structured play that is topic related and we play as group and turn take.

## **Independence, social and emotional development**

We enjoy exploring new life new skills and learning about personal hygiene. We have personal bags, with our photos on so we can identify whose is who and pass these to our peers. We love our outside times exploring the school grounds and listening to all the sounds of nature.

### **Physical and Sensory**

We have been making a variety of trees, animals, moon, stars in art using a range of textures and colours. This is for our display board outside our classroom so the rest of the school can see our amazing work.

The IRL room is used for us to explore and express ourselves when choosing what we like to engage with.

In P.E. we like to turn take and play as a group, kicking and passing the balls and stepping over hurdles and balancing on stepping stones.

### **Special news and upcoming events**

Thames class will be saying Goodbye and Good luck to pupils who will be on a new journey to 6<sup>th</sup> form. We wish you both so much luck in your next chapter.

VE DAY was so much fun we had a school street party in the playground where we had music, games and food. It was a lovely afternoon spent with all of the school.
