## Year 6 Mathematics Curriculum Overview

## Yearly overview

The yearly overview provides suggested timings for each block of learning, which can be adapted to suit different term dates or other requirements.

|        | Week 1 Week 2   | Week 3                          | Week 4   | Week 5           | Week 6 | Week 7                                    | Week 8 | Week 9   | Week 10         | Week 11    | Week 12                         |
|--------|---|---------------------------------|--|------------------|--------|---|--------|--|-----------------|------------|---------------------------------|
| Autumn | Number Place value Addition, subtraction, multiplication and division |                                 |  |                  |        |   |        |  | Number<br>Fract | ions B     | Measurement<br>Converting units |
| Spring | Ratio Algel   |                                 | ora  | Number  Decimals |        | Number<br>Fracti<br>decim<br>and<br>perce |        | Measurement<br>Area,<br>perimeter<br>and<br>volume |                 | Statistics |                                 |
| Summer | Geometry<br>Shape   | Geometry Position and direction | Themed projects, consolidation and problem solving |                  |        |   |        |  |                 |            |                                 |
