

Special Educational Needs and/or Disability Policy

Introduction:

Harrow Gate Primary Academy is an inclusive school and we recognise that provision for children with special educational needs and disabilities (SEND) is a whole school responsibility, as determined by the SEND Code of Practice (2014). We believe that every teacher is a teacher of every child or young person, including those with SEND. We believe communication is vital to the success of this policy. We therefore, seek to establish close links with both parents and other support agencies.

A child with SEND requires educational provision, which is additional to, or different from, the educational provision made generally for children of their age.

Mrs Gemma Holloway is the SEND Lead at Harrow Gate Primary and has been in this role since 2007.

There are four broad areas of SEN as outlined in the SEND Code of Practice 2014:

1. Communication and interaction
2. Cognition and learning
3. Social, mental and emotional health
4. Sensory and or physical

Aims:

The aims of this policy are:

1. To create an environment that meets the SEND requirements of each child.
2. To ensure that the special educational needs of children are identified, assessed and provided for, through differentiated planning and teaching of the Foundation Stage Curriculum, National Curriculum & extra-curricular activities.
3. To make clear the expectations of all partners in the process.
4. To identify the roles and responsibilities of staff in providing for children's SEND.
5. To ensure that person centred approaches are used to enable the views of children with SEND and their parents/carers are heard.

Identification and Action:

Early identification of SEND is vital. The class teacher informs the parents at the earliest opportunity to alert them to concerns and enlist their active help and participation.

Permission will be sought from parents/carers before the involvement of other agencies (if that is necessary). Assessment will include looking at the learning environment, tasks given, the child's response to tasks and teaching and learning styles.

The Enquire Learning Trust SEND Handbook is used as a support tool when identifying needs, planning provision and setting desirable outcomes.

Harrow Gate Primary Academy use the Graduated Approach to identify and support SEND.

This is outlined on the flow chart on the next page.

Harrow Gate Primary Graduated Approach

Class teacher and/or parents have concerns about a child who is not making the same progress as others

The class teacher will monitor the child's progress in school, sharing concerns with all staff that work with them. If concerns continue then the class teacher will discuss further with the pupil's parents/carers and complete cycle 1 of our Graduated approach.

Cycle 1

The cycle 1 paperwork outlines a description of a child's emerging needs and actions/ strategies taken to support the child. It also importantly, takes into account the child's views and parent/carer views. Teachers will review their Quality First Teaching, ensuring that it is inclusive and addresses all learning differences. This may involve the class teacher setting up some different or extra approaches to help address the child's difficulty e.g. extra reading sessions, individual reward charts, extra visual cues etc. This will be monitored over at least a term. After a term, the class teacher will review the child's progress. The cycle 1 paperwork is shared with parents and all adults in school who work with the child. After this time, if school feel that the child needs further support, then it may be agreed by school and parents/carers that the child should go onto school's SEND register. This is when the SEND Lead will become involved with the child. Harrow Gate Primary SEND Lead is Gemma Holloway.

Cycle 2

Once a child is on the SEND register, they will move onto cycle 2 of the Graduated Approach. This is known as SEN support. The SEND Lead may observe the pupil and carry out relevant assessments to gain further information. The SEND Lead may also refer to outside agencies for specialist support. Class teachers will set targets and plan strategies and provision to support the child. This will be reviewed termly with parents. If a child makes accelerated progress whilst on cycle 2, it may be appropriate for them to be taken off the SEND register. They will still be monitored carefully by the SEND Lead.

Cycle 3

If a child's needs cannot be met through cycle 2, they will move onto cycle 3. A meeting will be arranged with the pupil, parents, SEND Lead, class teacher and any other people involved, to discuss applying for an Education Health Care Plan (EHCP) or additional funding/ support from the Local Authority SEN service. For more information on the EHCP process, please follow the link in the useful links section of in SEND on the school website.

Allocation of resources:

The SEND Lead is responsible for the operational management of the specified and agreed resourcing for special needs provision within the school, including the provision for children with Education, Health and Care plans (EHCPs). The principal informs the governing body of how the funding allocated to support pupils with SEND has been employed.
