

Sustainability Policy

Forest School at Harrow Gate is fully and totally committed to sustainability and protecting the environment.

We strive to provide exciting and adventurous forest school activities whilst contributing to a sustainable future through the resources, activities and actions that we take.

Forest School at Harrow Gate recognises that there is a multiplicity of linked social, economic, political, cultural and technological elements that impact on actual sustainable and environmentally safe activities.

In an increasingly complex world for young people and young adults, Forest School at Harrow Gate will strive to be an educator of small actions and steps that are quick, simple and easy to achieve by anyone regardless of their background, income, health or employment status
