### Year 3 Trips over the year 2022-2023

At Harrow Gate, we are committed to ensuring that the children receive a creative and varied curriculum. Educational visits play a key role in this. The importance of school visits is to give first hand experiences to children and to send them away with motivation to learn and share their knowledge

If your child does not take part in the educational visit, they will not be missing learning, as we will teach lessons in school that cover the same curricular content. Educational trips are valuable experiences that enhance the classroom, not replace it.

If you have signed the rolling consent form for school visits then you do not need to sign to give consent. We will send forms home with any children who do not have rolling consent. **We will set up MCAS with an option to pay over the academic year.** Please see the table below outlining each individual trip;
