

CURRICULUM NEWSLETTER

What we are learning this term

English

Exploring the features of instructional writing and writing our own set of instructions.

Maths

Developing place value knowledge and using the four operations to solve everyday problems.

Science

Learning how the digestive and circulatory systems work and how to keep our bodies healthy.

Humanities

We are looking at our place in the world and why the North-East is a distinctive region.

PSHE

Building an understanding of belonging, healthy relationships and our role in the community.

Life in Society

Discovering key Christian beliefs, values and celebrations.

PE

Developing teamwork, throwing, catching and dodging skills through dodgeball.

Outdoor Learning

We are building resilience in the community and visiting local places.

Food Technology

We are looking at healthy diets and cooking some healthy snacks.

Art

We are researching different artists and analysing their techniques.

ICT

Using technology safely, responsibly and confidently.

Personal Development

Building confidence, independence and the skills to make positive choices.
