

Blackpool Children's Social Care

Supporting children

Every child needs a stable loving family to grow up in, but for different reasons this isn't always possible.

We aim to help families to stay together where we can and if the child will be safe if we do this. When we can't manage this, we provide care in other ways.

If you would like to request help for a child, contact us on 01253 477299
