## **Some Comments from Parents 2019 surveys**

### **What you say we do well:**

Good communication and they listen to concerns brought about by parents like myself.

Ensures that the children are happy

Excellent learning opportunities in a well led school

Too many things to just name one

The care for the children

The school is very well run and always listens to concerns raised

Whenever I have a problem with my child her teacher is very helpful

Encourage the children to be whatever they want to be to the fullest of their capabilities

Welcoming and friendly safe school

I'm happy the school improves year on year and is good at finding where it needs to improve by the senior teachers being highly involved in all classes and being around the school.

### **Things you say we still need to work on**

Sometimes communications don't give much notice to prepare for activities

Inform parents of all extra curriculum activities both free clubs and paid

More activities for children in the lower years of school

More outside equipment

More extra curricular activities. A wider range.

Communication with parents that work full time and aren't there to pick up at the end of day

More challenging work/ homework for children who are completing tasks too quickly/ easily

Traffic measures, more cones signs ect..
