Newsletter No. 09

11th November 2022

Dear Parents and Carers

I would like to start this week's newsletter with a massive thank you for all your support last Friday at our very own Hawes Side Switch On. It was a pleasure to see so many of you there and the children thoroughly enjoyed performing for you. We were honoured to have in attendance, The Worshipful the Mayor of Blackpool, Councillor Kathryn Benson, the Mayoress and Mr John Barnett MBE. It was a great celebration and one we would like to carry out each year.

I am proud to announce that this week we have appointed our Year 6 Principal and Vice Principal pupils for the year. It was an extremely difficult decision to make as all the children who applied interviewed so well showing that they were all perfect candidates for the roles. They showed great maturity as they answered questions and spoke about the positive impact they would have on our community demonstrating a clear understanding of our academy values.

After much deliberation (and I thanked the children for their patience) I can finally share that our successful candidates are:

Finley (6H Principal), Indianna (6H Vice Principal),
Lilly (6S Principal), Lucus (6S Vice Principal),
Ellie (6A Principal), Jacob (6S Vice Principal)

I would like to thank all our wonderful children that applied, they all showed great resilience, respect, responsibility, reflection, and a very good awareness of the need for positive relationships - true role models for Hawes Side!

Have a wonderful weekend everyone and I look forward to seeing you all on Monday.

Mrs Boothroyd and the Hawes Side Team

HELLO November

Positive Thinking:
Good news! Did you know that science suggests that positive thinking is a learnable skill?

Three Good Things Exercise:
Research suggests that thinking of, and listing, three good things each day can contribute to increased happiness in the short term and longer term. Even better, this exercise is simple to do. Just spend a few minutes each evening reflecting on the day until you think of three good things. Spread the positive vibes, and think about sharing your three things with those that you love!

World Mental Health Day

The theme of 2022's World Mental Health Day was 'Make mental health and wellbeing for all a global priority'. The services within Options 4 CYP invited professionals, parents, carers and young people within the community to celebrate and recognise the mental health and wellbeing support available across Blackpool & Wyre. Staff were available throughout the day offering short presentations that gave an insight and an overview of each service.

The presenters were very knowledgeable and you could see their passion and enthusiasm in their roles.

They made the course relevant to us as professionals they tailored it to our service and how we can make it applicable in our company.

They were very approachable and able to offer examples of real stories to relate practice to. It was a well presented and relaxed environment that felt safe to ask any questions.

Youth Mental Health First Aid (YMHFA) courses are for everyone who works with, lives with or supports young people aged 8-18. They will teach you the skills and confidence to spot the signs of mental health issues in a young person, offer first aid and guide them towards the support they need. In doing so, you can speed up a young person's recovery and stop a mental health issue from getting worse.

Our courses won't teach you to be a therapist, but we will teach you to listen, measure and respond, even in a crisis - and even prevent a crisis from happening.

But even more than that, we aim to give you the information and skills to look after your own mental health so that you can set an example for young people. By giving you the tools to have these conversations, we hope to empower you to create a mentally healthy, supportive environment in your family, school, peer group or community.

Let's create a future where mental health is treated as a normal part of life, in the same way as physical health. A future where every young person has access to support if they need it.
