Dear Parents and Carers

This week Mrs Barr and I have been visiting classrooms around the school to talk to the children about their learning. It was lovely for us to spend quality time looking at the children's work discussing what they had been doing.

Good news this week, we were notified of further restrictions being lifted but we will still remain vigilant in the academy. You will be aware of the latest isolation period now being five days, provided there are two consecutive, negative LFTs. The government guidance states:

From Monday 17 January, people who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6.

The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day.

If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever is earliest.

Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10-day period of self-isolation.

I hope you have a wonderful weekend and we look forward to seeing you all on Monday.

Mrs Boothroyd

Telephone drop in service

Due to the Covid-19 pandemic, our drop-in clinics are currently replaced by a telephone advice service. Families can contact us to request advice and will be offered a 15 minute telephone appointment to discuss their concerns and decide whether any further support is needed. Please continue to use the guidelines below to help you determine whether this service or a referral would be best for the child.

Telephone drop-in	Refer a child to speech and language therapy
Mild Speech Clarity concerns (Speech sounds)	Significant concerns with clarity of speech
Mild - moderate Language Delay	Significant concerns with use and understanding of language
Stammering – children up to age 7 (consider parent only)	Social skills / Interaction
Quality of voice	Stammering – 8 years +
Attention and listening	Attention and listening and Auditory Processing

More information can be found at:

www.bfwh.nhs.uk/childrens (select speech and language from the 'our service' menu).

Parents/carers can request a telephone appointment by contacting us on 01253 951101

Dear Parents/Guardians,

As you may have seen recently a fundraiser has been set up to help a little girl Isabelle Grundy, age 6, a pupil at Anchorsholme Academy who is suffering from stage 4 Neuroblastoma. In order to support this local family from Cleveleys, we are inviting all schools in FY postcodes to take part in a non uniform day on **FRIDAY 11TH FEBRUARY 2022** where we ask that all students and staff wear the colours blue and/or yellow as these are the Neuroblastoma charity colours. We are hoping for a suggested £1 donation (to be taken into school on the day) per child and staff member in order to help raise vital funds to get Isabelle and her parents to the US for life saving treatment. Could any funds collected by school be paid directly into the following account.

Name **The Sea View Trust T/A Anchorsholme Academy**
Sort Code **30-90-90**
Account No **23956968**

Since diagnosis Isabelle has undergone a lot of intensive treatment, ranging from High dose chemotherapy, numerous cannulas, MIBG Scans, CT Scans, ultrasound Scans, several blood and platelet transfusions, High Risk Surgery- only a small section of Isabelle's Tumour was safely removed, Stem Cell Harvest & Transplant.

In the New Year once Isabelle has recovered from her Stem Cell Transplant, she will move on to her next stage of treatment, Radiotherapy at Christies. Once Isabelle has completed her treatment here in the UK there is still a 60% chance Isabelle could relapse, if this happens Isabelle's chance of survival drops to only 5%.

Although Isabelle's treatment is going to plan at the moment, things can change unexpectedly and we need to be prepared for this. Please help us raise funds in order for Isabelle and her parents to travel to America for treatment which is not currently available in the UK, this will allow Isabelle to receive possible life saving treatment.

"Never in a million years did we ever think our family would be in this situation, our world has been completely turned upside down. Thankyou to everyone who has shown support, love and kindness towards Isabelle & our family, we are eternally grateful for each and every one of you. All donations great or small mean the world to us".

(Louisa Moss and Blaine Grundy, Isabelle's parents)

If you would like to learn more about Isabelle's story you can follow it here- @neuroblastoma_and_isabelle
Many thanks for your time and support for this local family.

Kind regards,

Emma Robinson (year 1 parent) and all of the Anchorsholme family
