## Dear Parents and Carers

It has been lovely seeing the children back in the academy this week ready for the half term ahead．This is always a busy term and although we are still working in a COVID safe way，this year will be no different as we still have things such as sports days，Y6 events and transition to consider．As it stands at the moment，we will have to carry out these things virtually but will keep you informed about how we will share information and activities with you．

You will have seen locally that we still need to be very careful in a bid to minimise the transmission of the virus．On a meeting this week with the local authority and public health，they shared it is their priority for all adults to have had their two doses of the vaccine which is intended to provide acquired immunity against COVID－19．They have asked schools to share the following information to enable all adults to take up this opportunity：

Please encourage as many people as possible to come forward for the vaccine． The following link can be used to book for adults under the age 40：

## Healthier Lancs and South Cumbria ：：Blackpool Victoria Hospital， Blackpool（healthierlsc．co．uk）

For adults over 40，they can use the Winter Gardens as a walk in，there is no need to book．

I hope this information is of value to you，we can only hope that September returns some normality．We are missing seeing you all in school and had hoped that this would be the half term we could invite you in but it is looking less likely as the weeks roll on．

I have mentioned in a previous newsletter about the importance of community and how lucky we all are to be part of such a supportive family．Raising awareness of some of the different things we face is important to help our understanding of each other and offer support where it is needed．Today I wanted to bring your attention to the work undertaken by Manchester Children＇s hospital－they have been such an important part of past and present children＇s lives at Hawes Side．Friday $18^{\text {th }}$ June is Be Seen in Green．．．or Blue－it＇s up to you！You can choose to GO GREEN in the charity colours or BE BLUE for the NHS or even combine the two．．． the children can wear blue and／or green accessories such as socks and bobbles to show their support，they may even have green or blue water bottles or lunch boxes．If you want to find out more then please click on the following link：https：／／rmchcharity．org．uk／green

Have a lovely weekend everyone and let＇s hope the sun keeps shining！
Take care and I will see you all on Monday．
