Dear Parents and Carers

We have had an eventful week in the academy, and I would like to share with you what we have been up to.

Firstly, I am pleased to share that our sports days took place this week; they were a great success. We were fortunate to have favourable weather, which added to the enjoyment of the events. It was wonderful to see the children's enthusiasm and sportsmanship as they participated in various sporting activities. The dedication and teamwork displayed by our children were truly impressive.

In addition to the sports days, we had the opportunity to meet with children who will be joining our academy in September. It was a pleasure to welcome new and existing families and provide them with a glimpse of our community. We believe that a strong partnership between the school and families is vital for the well-being and success of our children. We look forward to building upon these relationships in the future. We will be holding another information event on Tuesday 23rd May at 2.00pm for any families that were unable to attend.

Lastly, as we approach the end of this term, I would like to remind you that we will be breaking up for the half-term on Wednesday, 24th May. We return to the academy on Monday, 5th June.

Thank you for your ongoing support and involvement in our academy. We value your contributions; should you have any further questions or require additional information, please do not hesitate to contact us.

Year 4 Multiplication Table Check

The times table check is scheduled for the week of 5th June up to 16th June. Ask your child's year 4 teacher for more information.

Consideration for our neighbours

This is a gentle reminder to be considerate of our neighbours at the end of the day when you are meeting your children from school. Many of our neighbours work from home and so we need to be mindful of noise so that we do not disturb them. We thank you in advance for your support with this.

Trim trails

This is a reminder that the trim trails are only to be used during the school day when supervised by staff. Please do not use them at pick up and drop off times. The children are aware of this as we have spent time with them talking about expectations when using the trim trails. Thank you for your cooperation with this.

We are in talks with our app developer regarding this. We have made some big steps with making the app on android stable with no issues so this should be resolved pretty quick for you

Hawes Side Schudio App – Absence Reporting

We have been notified by some parents and carers that the absence reporting feature on the app was not working for android systems. We logged this with Schudio and this is their response below. We will update you once we have more information:

Year 1 Hangar 42 Trip

Performing Arts at Hawes Side Academy

Music in our Academy

Our children had the pleasure of listening to a music recital by our very own Jessi from 5H. During assembly, Jessi performed three music pieces on her violin. Our children were astonished at her talent.

Staff Playlist

"This is one of my favourite songs as I like how the dynamics and instruments build up to the chorus. I can't help but tap along to the rhythm!"
