Our thanks go to the team at our partner schools in Robin Hood MAT for sharing these ideas and allowing us to alter them to meet our needs at Hawes Side Academy

## Learning Project - to be done throughout the week

This project this week aims to provide opportunities for your child to learn more about celebrations. Learning may focus on different types of celebrations that take place and who may celebrate them. It could look at how people celebrate different events differently in other parts of the world.

**Planning a Celebration-** it's time to plan a celebration event of their choice. Tell them they have £150 to spend and 25 guests will be attending. What will the money be spent on? Ask them to plan the celebration considering the location of the event, how they will decorate the venue, what their guests will eat and drink and how they will entertain their guests.

**Time to Design-** Can they imagine their perfect celebration outfit? What would it look like? What would it be made from? How comfortable would it need to be? Ask them to design a costume for a celebration of their choice. Think about the patterns they would like to incorporate on their design and the cultural traditions.

**Birthdays around the World-** Birthdays are celebrated differently in different countries. Write an information report detailing how birthdays are celebrated in the following countries: China, England, Spain, Italy and Mexico. Ask your child which country would they like to celebrate their birthday based on their findings? Why?

**What's the same and what is different? -** Select a holiday/festival of their choice and research how different countries around the world celebrate this event. They could compare whether it is celebrated at the same time, the outfits people wear, the food eaten etc. Make a video, poster or report of the things they have discovered.

**British Celebrations-** In Great Britain, Valentine's Day, St Patrick's Day and Bonfire Night are just some of the celebrations that take place. Ask your child to choose one celebration day and research how the celebration came to be. Now create a poster advertising the celebration day. This could be done on a computer programme of your choice or on paper.

### Additional learning resources parents may wish to engage with

**[Classroom Secrets Learning Packs](#)** - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.

**[Twinkl](#)** - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.

**[Headteacherchat](#)** - This is a blog that has links to various learning platforms. Lots of these are free to access.

Within the Oak National Academy there are both English and Maths focus work for year 5, based around reflection of shape within Maths and relative clauses in SPaG. Follow the weekly lessons here: <https://www.thenational.academy/online-classroom/year-5#schedule>  
BBC Bitesize website has some great subject refresher lessons which can be found at <https://www.bbc.co.uk/bitesize/tags/zhgppg8/year-5-and-p6-lessons/1> these lessons cover a large amount of previous learning, which will boost retention.
