

Home Learning Year 3

w/c 16/11/20

English

This week we will be writing a fable story.

Use the PowerPoint for teaching and resources.

Day 1 – LG: to explore what characters think and feel.

Day 2 – LG: to draft a beginning and build-up.

Day 3 – LG: to draft a problem and ending.

Day 4 – LG: to publish my story

Day 5 – Guided Reading: read your story and complete your comprehension.

Maths

This week in maths, we are moving onto learning about multiplication and division

Day 1: To recognise equal groups

Watch the following [video](#) then complete the attached worksheet

Day 2: To recognise and use the multiplication symbol

Watch the following [video](#) and complete the attached worksheet

Day 3: To use arrays

Watch the following [video](#) and complete the attached worksheet

Day 4: To know the 2 times tables

Watch the following [video](#) and complete the attached worksheet

Day 5: To know the 5 times tables

Watch the following [video](#) and complete the attached worksheet

Topic

This week in PE we are continuing to look at our agility and dynamic balancing!

Building on from last time we are now looking at adding more complicated balances. Your tasks are to:

- ❖ Improve your jumping by focusing on bedding your knees and wringing your arms
- ❖ Try jumping and balancing on one leg and alternating between each leg.
- ❖ Can you even add a 90 degree turn into your jump as well?

This week in science we are looking at the magnificent phenomenon that is LIGHT!

Watch this [video](#) for more exciting info about the wonderful thing that is LIGHT!

Your task is to experiment using a torch to see what shadows you can make you're your hands.

Also, investigate how you can make shadows smaller and larger? **This week in**
