

# Home Learning Year 5

w/c 16/11/20

## English

This week in English we are looking at the rest of Kensuke's Kingdom. Please make sure you have read up to the end of the book. The PDF version of the novel is on Teams.

There are some activities on Teams related to the text for you to answer.

We are looking at reading and drafting our own book review this week.

## Maths

This week in maths we will be working multiplication. Please see the activities on Teams for any activities you should practise. Please make sure you are regularly chanting your times tables so you know all related multiplication and division facts.

## Topic

This we are going to be continuing our new topic *Stargazer!*

We will be learning all about the phases of the moon. And designing our own satellite!

We will also be learning about the scale of the planets.

Please see all of the resources attached to the home learning file this week for your activities.
