

Home Learning Year 5

w/c 28/09/20

English

This week in English we are looking at chapter 4 of Kensuke's Kingdom. Please make sure you have read up to this point of the book. The PDF version of the novel is on Teams.

There are some activities on Teams related to the text for you to answer.

We hope you enjoy it at home as much as we are at school!

Maths

This week in maths we will be working on problem solving. We will be using all of our previous knowledge of addition and subtraction to solve and reason.

Column method

$$\begin{array}{r} 567 \\ + 199 \\ \hline 766 \end{array}$$

$$\begin{array}{r} \text{H} \quad \text{T} \quad \text{O} \\ 182 \\ - 37 \\ \hline 145 \end{array}$$

All of the activities are on Teams.

Topic

This week we are going to be consolidating all of our knowledge about Maps, Sikhism, The History of Blackpool and creating an evaluation for our board games. Could you create a poster, PPT or presentation to explain what you have learnt whilst studying Alchemy Island?

We have also been looking at mixing and dissolving in class. I have attached a link for you to read about it. There are some experiments you could try at home too!

Have a great half term. We can't wait to see you after the break!
