

Haydon Wick Primary School Early Years Intent

Our aims in the Early Years

It is our intent to provide every child who enters our Reception Classes with the opportunities to grow physically, verbally, cognitively and emotionally. Each child will develop a life-long love and desire for learning.

At Haydon Wick Primary School we provide stimulating and high quality learning environments that support, enhance and enable children to progress. They will feel safe and confident to become independent learners. Children will have endless opportunities to discover and explore their curious minds.

We work collaboratively with parents and carers encouraging enthusiastic learners who are motivated and reflective. Enabling them to thrive and reach their potential.

Every child has access to a broad, balanced and rich curriculum that reflects our community and our school values, which prepares them for now and for the future in terms of opportunities and experiences. Through an appropriate balance of whole class, small group and independent play activities that will be planned and reflective of their needs.

Through a language rich environment children are supported and given opportunities to become skilful communicators who connect with others through language and play.
