# Happy Children's Day

- Since 1990, World Children's Day also marks the anniversary of the date that the UN General Assembly adopted both the Declaration and the Convention on children's rights.
- Mothers and fathers, teachers, nurses and doctors, government leaders and civil society activists, religious and community elders, corporate moguls and media professionals, as well as young people and children themselves, can play an important part in making World Children's Day relevant for their societies, communities and nations.
- [World Children's Day](#) offers each of us an inspirational entry-point to advocate, promote and celebrate children's rights, translating into dialogues and actions that will build a better world for children.
