

## HEYHOUSES ENDOWED C.E. PRIMARY SCHOOL

Letter 33 February 5<sup>th</sup> 2021

Dear Children,

It's Friday and the school week is over. I have sent out our Friday Film and I do hope you enjoy watching; you can look for yourself and your friends! Please keep sending the photos in, they are a good way to remember all the different things we are doing during this Lockdown.

We are all so very proud of you- keep it up!

This is the link:

<https://youtu.be/I9ndQkfS7bA>

Today is a very special day for three Heyhouses children!

Happy Birthday Emma! Age 11

Happy Birthday Valentina! Age 10

Happy Birthday Angel! Age 8

Hello Mrs Hodgson,

We do hope you are well. Rose and I are working hard but we miss you all so much. I am 11 today. I have had a lovely birthday so far and it was my turn for a lockdown birthday 😊. Thank you for your letters, my Mum reads them to us every morning. I've been exercising every day and have managed to cycle 230 miles on our spin bike during Lockdown 3, which I'm very proud of. Anyway, have a lovely weekend and thank you for all you do.

Love

Emma

Emma you are looking so grown up!

Happy Birthday!

I am very proud of your cycling achievements, you are definitely keeping yourself fit and healthy, even in a winter lockdown.

I need to follow your example!

Happy Birthday Angel!

Your cake is amazing! Someone very clever made it!

Hello Mrs Hodgson

Today is my birthday, I've had lots of lovely presents and we have had a buffet dinner. It was really tasty.

I've had a lovely day!

From Angel x

And Happy Birthday Valentina!

We all wish you a very Happy Birthday Valentina! Your birthday badge helped us guess it was your special day!

Three girls today, I wonder who will be next for the Birthday Honours.

Everyone will have had at least one birthday in Lockdown in this last twelve months, it will be one birthday we will never forget!

Thank you for all the lovely emails I have had in the last two days. If your news is not in tonight, it will be in tomorrow.

And I must say if I have missed you from earlier in the week, I am sorry. On a Saturday I usually check through my emails to see if I have missed any, quite likely with the number of emails at the moment, especially about testing kits, testing systems and test recording! And this time it is not YOU being tested, not a Times Table in sight, just Covid Test Kits for staff.

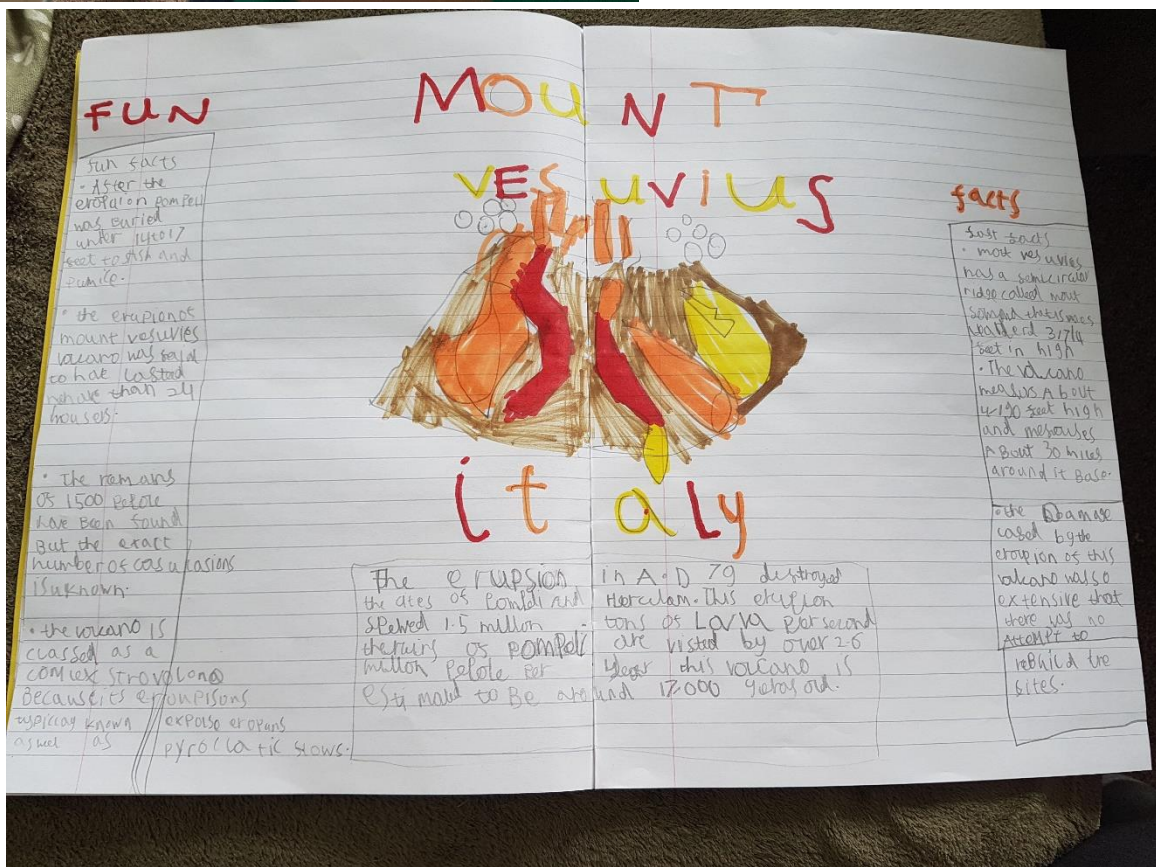

Hi Mrs Hodgson

I have worked hard on the volcano work and love drawing it and learning about it.

We have some free art to do next week which I am excited about. I have drawn like Lowry this week and did a matchstick man near the buildings walking a dog and lots of buildings like Lowry did. I hope you like it.

Love Oliver 🐼😊🐼😊

Your work is wonderful, well done for putting so much time and effort into achieving such a high standard.

### How much water do you use?

Name: Oliver

I Use water to....	Number of times per day		Number of litres used for activity		Total Used			
					Hundreds	Tens	Ones	Fractions or decimals
Flush the toilet	4	X	9 litres	=		3	6	
Wash my hands	8	X	1 litres	=			8	
Have a shower	—	X	30 litres	=	—	—	—	
Have a bath	1	X	80 litres	=		8	0	
Brush my teeth (turning tap off)	2	X	1 litre	=			2	
Brush my teeth (leaving tap running)	—	X	12 litres	=	—	—	—	
Have a drink	8	X	$\frac{1}{4}$ litre 0.25 litre	=			2	
Grand Total Used In One Day					1	2	8	

And another Oliver who has done lots of excellent work.

Water workshop in science, rainforest story writing and area!

Tuesday 3<sup>rd</sup> February 2021

He held the big leaf above his little head. The rain poured down and hit the leaf. He knew this was only the start of a ~~terrible~~ loud storm. He could see a powerful ~~start~~ <sup>start</sup> strike of lightning in the distance.

Monday 1<sup>st</sup> February 2021

- I can see a monkey.
- It is different to human because it is covered in hair all over its body. However, it is similar to a human with hands, face and feet.
- Dylan's companions are other monkeys and I think they have gone to the school.
- Dylan likes it when it rains because it helps the growth, it provides water for him to drink and wash his body.
- I think to live in the rainforest it would be tropical with all of the different plants and animals.
- A rainforest weather compares to ours is that they have a lot more rain than us and it is a lot hotter in a rainforest.
- I think Dylan is 6 years old.

Wednesday 3<sup>rd</sup> February 2021

It was a scorching hot day but extremely windy. All of a sudden the clouds appeared above my head and blocked out any day light. I could hear a thunderous roar in the distance and before so much raindrops on my head. I knew then that the storm was on its way.

Thursday 4<sup>th</sup> February 2021

I ran home as fast as I could whilst the rain got heavier and heavier and the wind blew stronger and stronger. As soon as I arrived home, I went to my bedroom window to watch this great storm. The thunder was like ticking in the night room and the lightning was force I noticed that my car was outside sat under the car looking worried. I immediately ran down stairs, open the door and let him in like a bottle of lightning.

Oliver

Calculate the area of the following rectangles.

1. 4cm x 2cm  
Area =  $4 \times 2 = 8 \text{ cm}^2$

2. 3cm x 3cm  
Area =  $9 \text{ cm}^2$

3. 4cm x 2cm  
Area =  $8 \text{ cm}^2$

4. 6cm x 1cm  
Area =  $6 \text{ cm}^2$

5. 3cm x 3cm  
Area =  $9 \text{ cm}^2$

6. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

7. 4cm x 2cm  
Area =  $8 \text{ cm}^2$

8. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

9. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

10. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

11. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

12. 3cm x 2cm  
Area =  $6 \text{ cm}^2$

Name: Oliver

**Area of a Rectangle**

Find the area of each rectangle.

1) Area =  $35 \text{ m}^2$

2) Area =  $18 \text{ m}^2$

3) Area =  $24 \text{ yd}^2$

4) Area =  $40 \text{ m}^2$

5) Area =  $30 \text{ yd}^2$

6) Area =  $45 \text{ m}^2$

7) Area =  $240 \text{ m}^2$

8) Area =  $120 \text{ m}^2$

9) Area =  $105 \text{ m}^2$

Keep it up!

And well done Ben, this fossil looks a fascinating find. I know Year 3 are studying fossils, you may now be their expert- a real Fossil Hunter!

The Natural History museum in Oxford has a wonderful collection of Fossils, as does the Natural History Museum in London.

The Oxford University Museum of Natural History has a wonderful on-line collection.

<https://oumnh.ox.ac.uk/collections-online#/search>

This is the Oxford University Museum of Natural History.

It has a treasure trove of exhibits inside.

Designed in Victorian times it is packed with interesting things.

There is another museum hidden away at the back of this one. It is called the Pitt Rivers Museum.

The Pitt Rivers Museum is a museum displaying the archaeological and anthropological collections of the University of Oxford.

Those are long words! Basically it is a collection of items from the past from different world cultures. It is fascinating if you like collections and there is a bit of everything

from toys to boats, from clothes to weapons.

One day soon we will be able to visit Museums again- it will be such good fun. Tell Mums and Dads they may want to start saving for when school visits can start up again, we intend to play 'catch up!'

# Heyhouses Island Songs

Thank you for another wonderful playlist.

Family O'Connor

1. Bad reputation- Joan Jet and the Black Hearts
2. Run away with me- Norah Jones
3. Better together - Jack Johnson
4. Kings and Queens- Maduk
5. Don't stop me now- Queen
6. No money - Galantis
7. Boom Pow- Blackeyed peas
8. Fire- Kasabian
9. Gangnam style –Psy
- 10.Divenire- ludovico einaudi
- 11.Crosses- Jose Gonzalez

Song and album covers are so interesting, the designs make a big difference. Some of you who love art might go into design when you are older, this might be what you end up doing. And you will get to listen to lots of music!

Follow this link to send your songs in.

<https://forms.office.com/Pages/ResponsePage.aspx?id=I06P8kgPYEardKaHunE9In1PwD9vrtpCrMln7e8DETFUQjRLVUREUFNOUdNTTMxUFM0WTZHQjNLUC4u>

Have a good evening. I will write again tomorrow.

Remember, be patient and let's do things safely.

Keep in touch...KEEP SMILING ... and keep washing your hands.

With my love,

Mrs Hodgson
