

## HEYHOUSES ENDOWED C.E. PRIMARY SCHOOL

Letter 36 February 8<sup>th</sup> 2021

Dear Children,

This week we are thinking about being the Light in our World; being the people who create the bright moments, words and actions which cheer people and make them feel the way ahead is clearer.

From sunrise to sunset  
sunlight makes the  
difference in our world.

Young and old alike we  
can all be a bright light  
and make a difference in  
our world. Let's make it  
our aim this week!

I am so impressed with all the emails I have been sent and with the news the teachers keep giving me about how hard you are all working.

Year 4 have done some wonderful work on the Water Cycle. Some children have created Films as part of their project.

Well done Thomas for your impressive film, you combined your love of farming and Lego beautifully!

You will have learnt some very useful skills making this film.

I love it- well done!

Elvina in Year 4 also made a film but she used puppets.

It is so creative, I loved watching it, Mimika Theatre would be very impressed with you. Mimika were a theatre group that used puppets to tell stories, they visited twice during MAD Festivals over the last few years.

What lovely umbrella's against the rain! These are wonderful films making a topic really come to life. I never realised the water cycle could be so interesting!

This has made me want to get you all doing puppet plays! Thank you and well done Elvina!

This is a visual letter today, lots for you to look at and inspire you with.

Anya has inspired me with an idea for cooking. Thank you Anya.

Anya has been really getting into her art whilst home learning, she has spent lots of time sketching, she has sent some images to Mrs England but also wanted to share some with you too! She definitely has a lovely talent which we will be continuing to encourage and support as she won't put her pencils and pads down!! Over the weekend we got her some canvases which she has drawn on and they are hung now in her room!

Anya has also been enjoying doing lots of cooking and made a delicious leek and potato soup.

We send our love

Regards

Emma and Anya

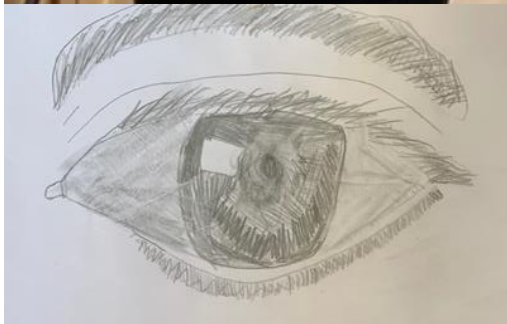

You look very professional Anya, and the soup looks wonderful.

This soup looks like it could be served in a restaurant, well done!

I love all your drawings too, I am glad Lockdown has given you time to practice your skills and improve them. Keep it up!

Year 2 have been busy exploring the Great Fire of London Topic.

This is a wonderful house made by Robyn in Year 2. Well done!

I hope it survived the Great Fire!

Today I have watched the flurries of snow, and kept hoping they would stick so you could all have a go at making more snowmen. Perhaps it will overnight!

We have four more days of Home Learning before you, and your parents get a rest and a change of focus. For all of you in school I know many of your parents will be working over the break, as the NHS continues to fight the impact of the Coronavirus and more vaccines are given. However, I hope you get a change of routine as well as the Home Learners.

Four more days, let's make them good ones, maybe Friday's Film will be in two parts because I have so many photos!

I have no room today for more songs, but we will be back tomorrow.

# Heyhouses Island Songs

Follow this link to send your songs in.

Have a good evening. I will write again tomorrow.

Remember, be patient and let's do things safely.

Keep in touch...KEEP SMILING ... and keep washing your hands.

With my love,

Mrs Hodgson

**"You are the light of the world.**

A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house.

**In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven. Matthew 5 v14**
