Week ending 25th March

Hi everyone,

This week, the Reception children have been learning about how they can be Eco-Heroes. Each class was challenged to come up with ways that they could help save the planet at home and at school such as turning off lights, saving water, litter-picking and recycling as much rubbish as possible. We made posters to encourage others to think about the environment too. In maths lessons, we have used our addition and subtraction skills to solve every day problems. We have used pan scales to investigate the weight of different items from around the classroom. We also measured the length and height of things, including our friends.

On Friday, the children enjoyed Superhero themed games and the weather was perfect for lots of outdoor play and a beautiful Spring walk.

Thank you for the amazing Superhero vehicles sent in so far. We look forward to seeing even more next week! Superhero Day now next Friday and don't forget we finish at 2.25p.m.

## Happy Birthday

This week we celebrated  
the  
Birthday of  
Theo Hulcombe-Power.

### The Queen's Platinum Jubilee

Each child has completed their own unique portrait of The Queen to mark her Platinum Jubilee Year. Should you wish for this art to be put on to a tea towel or mug as a special Souvenir, please complete and return the form by the date given. School receives a donation for each order placed.

To all the 'Super' Mums out there (and that means all of you), we hope you like receiving your special surprise card on Sunday. Your little Superheroes think the world of you and they want to say 'Thank you' for all the little things as well as the big things you do for them each and every day. You are all our heroes!
