### The Olympic Games

**The Olympics** The Olympics were first held in ancient Greece in 776 BC. This is one of the legacies of ancient Greece. Events included boxing, wrestling, running and chariot racing. Women were not allowed to compete in the Olympics. This was because ancient Greek women were not treated as equals to men and had fewer freedoms. The idea for the marathon also originates from this time.

The Ancient Greeks made pots from clay. Large pots were used for cooking or storing food and small bowls and cups were made for people to eat and drink from. Pots were also used for decoration, and when people died, they were cremated (burned) and their ashes were buried in pots.

An artist linked to pottery is Grayson Perry. Grayson Perry is a contemporary British artist best known for his ceramic vessels, printed tapestries, and design.
