Dear Parent/Carer

School Premises Safety Reminder – Scooters, Electric Scooters & Bicycles

I am writing to remind you of our health and safety policies regarding the use of scooters and bicycles on school premises. It is essential for the safety of all our pupils, parents, and visitors that anyone bringing a scooter or bicycle to school dismount before entering the school grounds.

As previously communicated in our letter dated 5th March, we have noticed that a small number of individuals are still not adhering to this important rule. This serves as the final reminder that if we continue to observe incidents of bicycles or scooters being ridden on the premises, we will have to consider implementing a complete ban on their use. These regulations are in place to ensure the well-being of everyone on our site.

We greatly appreciate the commitment of those parents and carers who consistently follow these rules, as they are vital for maintaining a safe environment for all pupils. Your cooperation is essential in helping us uphold these standards.

Thank you for your understanding and support in this matter. We kindly ask that you reinforce these guidelines with your children to ensure their safety and that of others.

Yours sincerely,

Mrs L Wilkes
Deputy Headteacher
