Dear Parents/Carers,

Re: Nut Allergy

We have children in school that have a severe allergy to peanuts/other nut types. There is a risk that in its most serious form, this reaction could cause anaphylactic shock.

Since this condition could be life threatening, we are asking for your help in minimising the risk to these children by adhering to the following instructions:

- **No nuts to be sent in your child's packed lunch.**
- **No peanut butter sandwiches, other spreads containing nuts such as Nutella and snacks/bars containing nuts or labelled 'may contain nut traces' in your child's packed lunch.**
- **Asking your children to NOT share their lunch with anyone.**

Due to the severity of the problem, it is important that all parents carry out the suggested measures and reduce the risk of allergic reaction to these children.

We thank you as always for your support with this matter and if you would like to speak further about this with us, please do not hesitate to contact myself or the main school office.

Yours sincerely

Mrs N Wileman
Headteacher
