

Dear Parents and Carers,

As you will probably know, I come into school once a week from Sheffield Music Hub to teach cornet to current Year 4 children.

Your child has expressed an interest in continuing to learn next year, so I'm writing to inform you that I run half hour sessions with approximately 10 children in each group for children who wish to continue. I'll arrange a mutually convenient time with the schools as to when these sessions run.

I am very excited to be able to offer these classes to your child. The playing abilities of children who attend these classes increases dramatically, with students developing to a level at which they can play a variety of popular and well-known pieces by then end of the year. The children will also have the fun of learning alongside their friends and learn to play pieces divided into 2 or 3 parts. The groups have various opportunities to perform throughout the year.

There will be a small charge for these classes of £2.50 (£25 per term). This not only covers the lesson cost but will also provide your child with an instrument which can be brought home to practise and access to Charanga, our online learning resource. **The school will cover the cost for anyone on free school meals.**

Once the sessions are signed up, I'll send you more information on what's going to happen next year.

Please let me know as soon as possible if your child would like to enrol in these classes. If you have any questions, please do email me on the address below.

I very much look forward to continuing your child's musical journey on their cornet.

Best wishes,

Rob Horscroft
