Assistant Headteachers: Mrs J King, Ms T Minnis & Mrs E Kay

8th May 2025

Dear Parents and Guardians,

I hope this finds you well. I wanted to share some exciting news about changes to our homework approach in year five. We will be using Century Tech, an innovative tool designed to personalise learning and help our students grow.

Starting this term, your child will complete certain homework tasks through Century Tech. This platform identifies individual learning gaps and recommends personalised activities to help them succeed. Our goal is to support every child's progress as we prepare for SATs next year, ensuring they understand the curriculum and develop their skills.

Children have been sent home with their usernames and passwords to access Century Tech. If they misplace this information, please do not hesitate to contact us for assistance.

We believe that encouraging children to engage with their homework regularly is important for building good habits that will serve them well in secondary school. A consistent homework routine, especially with a tool that adapts to their needs, is key to helping them become more independent and confident learners.

We would greatly appreciate your support in motivating your children to complete their Century Tech assignments. Your encouragement can make a big difference in their attitude towards learning and their overall success.

If you have any questions or would like to know more about Century Tech and how it works, **we will be holding a short parents meeting to help grown ups familiarise themselves with the platform on Thursday 15th May at 3:15pm.** Thank you for your ongoing support and partnership in helping our students thrive.

Best wishes,

Miss Scott and Miss Doyle
