Sock Day

Children In Need

On Friday 15th November we will be raising money for Children in Need. Children can come to school in non-uniform .

This year for Children in Need we are using a website called 'runPudsey', this enables you to register an account for your child where you and others will be able to donate. Every child who registers and raises money through this will receive a medal as a thank you for their contributions!

The importance of nursery rhymes for the under 7's

Nursery rhymes play an important role in early childhood development and education. As well as being fun they are excellent teaching tools:

Nursery rhymes and children's songs boost vocabulary and language development

They help children to develop literacy skills

They provide a fun way to support early numeracy skills

Nursery rhymes help children to develop social, physical and emotional skills.
