

## Easter Holidays

### Dates for your Diary

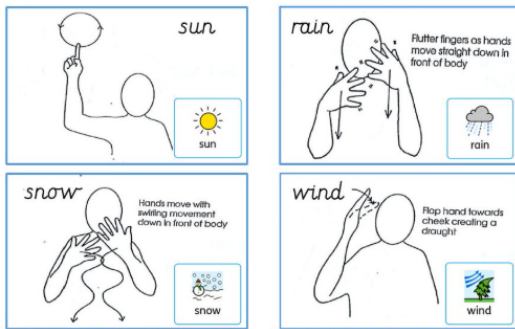

**End of Spring term —  
Friday 4th April**

**We look forward to welcoming  
Nursery students back on the**

**Wednesday 23rd April**

Please note this is different from the  
rest of the school.

### Makaton Signs

### Spring Celebration

Thank you to everyone who  
came to join us for our crafting  
session. We all had so much  
fun sharing time with you all in  
Nursery.

### Topic this half term:

Growing

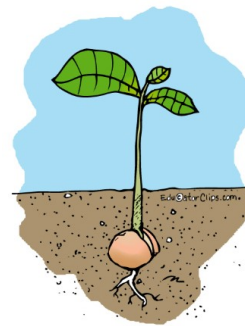

### Value of the week:

Be Safe

### Beans

Our beans will be coming home to  
continue their growing journeys.

Please water them and keep them  
in a sunny, warm location.

### Our Learning Highlights

#### Literacy

We have had lots of fun engaging  
with new stories this half term. Es-  
pecially the story 'The Enormous  
Turnip'.

#### Maths

This half term we have explored  
measurements. We had lots of fun  
learning new words including, full,  
empty, heavy and light.

#### Outside Learning

We have been exploring the topic  
of growing. Building an understand-  
ing of how plants and how they  
grow the food that we eat. We had  
lots of fun trying to new foods.

#### Understanding of the world

This half term we have been learn-  
ing about different celebrations,  
most recently looking at Eid and  
British Sign language week to de-  
velop a positive understanding of  
how we are all different.

# Plants and Growth Home Learning Challenge

Try making a model of a flower. You could use modelling dough, paper or card, construction toys, empty cardboard tubes and boxes or plastic tubs and pots. Think about how you could make the stem, the flower and the leaves. We would love to see any models you make!

Go for a walk with a grown-up around a garden or park. Look carefully to see what plants and flowers you can see growing. You could take some photos or draw some pictures of the things you see.

Look after your bean. You will need to water your plant and make sure it is in the warm. Once it starts to sprout you can plant it into a pot with soil. While you watch it grow can you keep a diary.

Try growing some plants or flowers at home. You could try planting some seeds in a pot or in your garden. Remember to give your seeds some water and put them somewhere sunny. Cress seeds grow quite quickly or you could try planting some flowers.
