

Phonics Share

Tuesday 10th October
at 8.30 –10.15.

In your child's classroom!

Come into school with your child on Tuesday to see how we learn our phonics sounds.

After the phonics carpet session there will be a chance for you to explore the provision in the classroom, which will have lots of activities that you can do at home with your child.

You can also talk to adults in reception about how you can help your child more at home with their reading.
