

## English

This term we shall be exploring poetry alongside story books. We shall be learning about the Windrush generation through the story of Floella Benjamin. We will develop our skills in terms of writing a good quality recount of an experience we have had.

Thank you for reading with your child at home.

## History

In History this term, we will learn about the flood in Felixstowe that happened in 1953. We also explore the history of Langard Fort and we plan to take the children to see the fort for themselves. More details will be sent out nearer the time.

Happy New Year!  
We hope you all had a wonderful break and had fun over the holidays. 2024 looks set to be a busy and exciting term! Here are a few of the things your child will be doing at school.

## Science

Science this term will explore materials we use everyday and why we use specific materials. Why can't a window pane be made from metal? What if we made a raincoat from paper? The children will explore these ideas and much more.

## Maths

This term in Maths, we will be learning how to add money to create specific amounts. We will be learning multiplication and division using the symbols  $\times$  and  $\div$ . We will build on the learning the children have already done about length and height and towards the end of the term, we will explore mass, capacity and temperature.

## Geography

In Spring term, we will be comparing the geography of Nairobi to the geography of our local area. We shall compare the physical features as well as the climate in these two contrasting places.
