

## COULD YOU STAND OUT FROM THE CROWD WITH AN EPQ?

An Extended Project Qualification is a fantastic opportunity to boost your future success. Here at HNC our EPQ programme is opening soon, and we're encouraging students to join a short information session to find out more.

If you're studying two or more A Levels and are on track to achieve your EFGs, then you can apply. An EPQ is your opportunity to undertake a special research project or produce a product based on a topic of your choosing. Successfully completing not only helps you to gain additional UCAS points, but also helps you stand out from the crowd.

An EPQ offers you the chance to develop high level research skills, and develops a specialist area, making them highly valued by universities and employers.

Join an information session to find out more. These take place from 12.30pm in the Lecture Theatre next week on Tuesday, Wednesday and Thursday (10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup> March).

Joining the programme is via a short application process, and your form must be submitted by Friday 27<sup>th</sup> March.

You can also find out more and download the application form here: <https://tinyurl.com/qw2sxlh> (you'll need to be logged into Moodle).

## HAND HYGIENE

You will be aware of the high profile of Coronavirus. We are following the Government guidance, and the Government has created a helpline for anyone who wants to know more - see the Moodle slider for details.

There is a strong emphasis upon hand washing, and we'd encourage all students to be extra careful with hand hygiene - soap and water is highly effective as long as you wash your hands for long enough.

 @huddnewcoll

## EQUALITY AND DIVERSITY WEEK 2

Next week (9<sup>th</sup> - 13<sup>th</sup> March) is Equality and Diversity week 2! We've a range of events planned for you to get involved in. Each day is a chance to explore why an equal, fairer world is a more successful one and some of the ways you can support the creation of this.

Join us at our events:

- Monday: Mini Science Lab in the Dining Area to celebrate the role of women in Science for International Women's Day
- Tuesday: Rainbow Run, Wheel or Walk with guest Sarah Dransfield from Laura Crane. Sports Hall, 12.15pm
- Wednesday: Trans-Awareness Day with Mermaids. Join our bake sale in the Dining Area to learn more!
- Thursday: Hear from Amnesty International, 12.15pm in the Lecture Theatre
- Friday: Celebration of poetry and music from around the world, Dining Area, 12.15pm

## Locala 12th March

Locala will be hosting a pop advice session on Thursday 12<sup>th</sup> March in the Dining Area. Pop along to find out more about their services

Thank you to the students who hosted our coffee stall at the recent Parent's Evening - raising a fantastic £144 for the Laura Crane Youth Cancer Trust!

Calderdale Apprenticeship Fair  
Interested in an apprenticeship? Tonight (5<sup>th</sup> March) is the Calderdale Apprenticeship Fair at the Shay, 4-7pm
