

WEEKLY NEWS BITES

FREE MS OFFICE APPLICATIONS

Did you know that as a student at HNC you can access Microsoft Office applications including Word and Excel for FREE?

This is to support your studies, and you can download and install them at no cost across a number of devices including PCs, laptops and mobile devices. Simply visit our website www.huddnewcoll.ac.uk via your device and select the 'My HNC' tab and then 'Office365'.

Simply log in via your usual College log in details and follow the instructions.

ARE YOU ON A LEVEL 1 OR 2 PROGRAMME?

All students studying a Level 1 or 2 programme will shortly receive details about the forthcoming Progression Fair on Thursday 22nd November. This is your chance to explore the right next steps for you, and find out about the exciting options available.

You will shortly receive a timetable, but you may want to start thinking about your questions and plans so that we can support you!

REPORTING ANY ABSENCE

Please note the direct dial to report any absence is 01484 355 105 not 35501. If you dial this number then your message will not reach us as it is not a College number. All students are expected to contact College if there will be an unavoidable absence. Please ensure you have the correct number saved into your phone.

Remember that excellent attendance has a significantly positive impact on your final grades, which is why we celebrate excellent attendance at our end of term prize draws.

AFAN ROOM RELOCATION

Please note that the AFAN (All Faiths And None) room has relocated to the lower ground of the Sports Centre.

Girls only gym! Every Thursday lunchtime there is a female only session in the Fitness Suite with a female instructor - pop along for further information and an induction
