THE BIG ASK

The Big Ask survey is the biggest ever survey of children and young people. Hosted by the Children's Commissioner, this is the largest ever consultation held with children and young people. In this survey the Children's Commissioner is asking you about a range of key areas, including your experiences of the pandemic and what you think about the services available to you. The Children's Commissioner will use the results of this to help determine the support available to you and other young people, so it is important to get involved. Have your voice heard by completing the survey here: www.childrenscommissioner.gov.uk/thebigask/
