

DON'T MISS YOUR CHANCE TO BE A HEAD STUDENT

Applications are still open for our Head Student positions. However, if you are interested in applying then we recommend that you do so as quickly as possible as the application window **closes on Friday 23rd April!**

Becoming a Head Student is a fantastic opportunity to stand out from the crowd, and gain a huge range of skills and experiences such as leadership, negotiation and public speaking skills. You will also of course be playing a huge role in improving the student experience for all!

The application pack for both positions can be accessed via the home page of Moodle - simply click the slider to download this.

USE YOUR VOICE & VOTE

Are you registered to vote? You can register to vote from the age of 16, and you will then be able to vote from the age of 18. Voting ensures you can have your say on a wide range of areas that affect your daily life. Using your vote also means you have your say in who runs the UK. Voting is your democratic right, and it is crucial that you use the power of your vote!

You only need to register to vote once, and with a forthcoming election on 6th May, if you're not on the electoral register and are eligible to vote, it is *crucial to register by the deadline of 19th April.*

Even if you are not eligible to vote in the forthcoming elections, registering for the electoral roll now ensures you are ready for future elections.

You can register here: <https://www.gov.uk/register-to-vote>

If you want to know more about why you should register to vote then take a look at this short video here: <https://www.youtube.com/watch?v=X8QHkKaLyuW>

BE CYBER SAVVY!

Could your password be easily guessed? You may not think so but the image below demonstrates the most common passwords that have been involved in a data breach. Did you know you can check that any passwords you use are secure via the Cedar homepage? Click the link and test yours now: <https://haveibeenpwned.com/Passwords>
