

PRINCIPAL'S DAILY BULLETIN

Tuesday 15th September

The Government have recently introduced a new public information Covid 19 campaign:

Hands
Face
Space

Now that you are back at College, and settling into the new College environment, and finding your way around this new environment, even to those most elusive classrooms in the new one way system (520, 521, 610, 614 in particular), I need you to follow the important advice in this campaign.

HANDS

Wash or sanitise your hands regularly, and for at least 20 seconds. Good hand hygiene is essential to your safety.

FACE

Wear a facemask when social distancing is not possible. This is a requirement in the corridors and in communal areas. It is a matter of choice in the classroom.

SPACE

Try to maintain a space from others, wherever and whenever possible. This is especially important as you enter and exit the College, when you are changing rooms, and when you are in a communal area, such as the dining area.

Following these three simple steps could make a significant difference in reducing the transmission of Covid-19 and help to protect you, your family, your friends and the staff at the College from the virus.

Please follow these three steps.

Angela
Principal
