
RAISING ASPIRATIONS

The Aspire Programme is all about opening up a world of opportunity for you, and ensuring your academic potential is fully realised. A key part of the programme is about helping you to realise your aspirations, and supporting you to achieve them.

A full programme will be shared with you when you enrol and here are some of the highlights included:

LECTURE SERIES

You will take part in regular lectures with internal and external specialists. This intellectually rigorous series will enhance your cultural awareness and put you in the very best position when applying for university places. This series will not only inspire and motivate you, but also potentially reveal new interests and career possibilities!

SUMMER SCHOOLS

Support to secure places at leading universities, ensuring you develop the skills and knowledge that give you a competitive edge.

BESPOKE OXBRIDGE AND RUSSELL GROUP UNIVERSITIES SUPPORT

Start to finish individual Oxbridge support including for challenging and competitive courses such as Medicine and Dentistry. You will also take part in visits to Russell Group universities

...and a range of cultural visits and trips to expand your horizons!

WHAT DO OUR STUDENTS SAY?

“College worked hard to help me to develop my skillset outside of my studies, and I felt like this was a huge benefit when it came round to applying for university via UCAS. College expect you to step up and take charge of your learning and your future, and this really helps you to focus and achieve!”

MICHAEL HEMINGWAY

Next Steps: The University of Leeds to study Geoscience

Studied: A Levels in Chemistry, Classical Civilisation and Geography

School: Castle Hall Academy

**FULLFILLING YOUR
POTENTIAL**

Welcome

Our Aspire Programme is your opportunity to enhance your future applications to the most competitive universities.

The programme will broaden your horizons and your awareness of the wider world. Through both developing your academic potential and cultural awareness, you will shine at those all important interviews, including Oxbridge interviews and develop life-long skills.

This short guide provides an overview of what to expect, and more about access to the programme.

Aspire is all about helping you realise your ambitions. Anything is possible as a student at HNC, and our Aspire Programme is about ensuring those with the potential to secure places at the very best universities are supported to do so.

I look forward to sharing more about the programme, and how as part of your wider HNC experience, it will broaden your horizons.

Scott Townshend
Acting Aspire
Programme Lead

GOOD TO KNOW

If you meet the entry requirements for the programme, you will be automatically enrolled as part of the standard College application process. Once enrolled, you will receive regular updates, invitations and support!

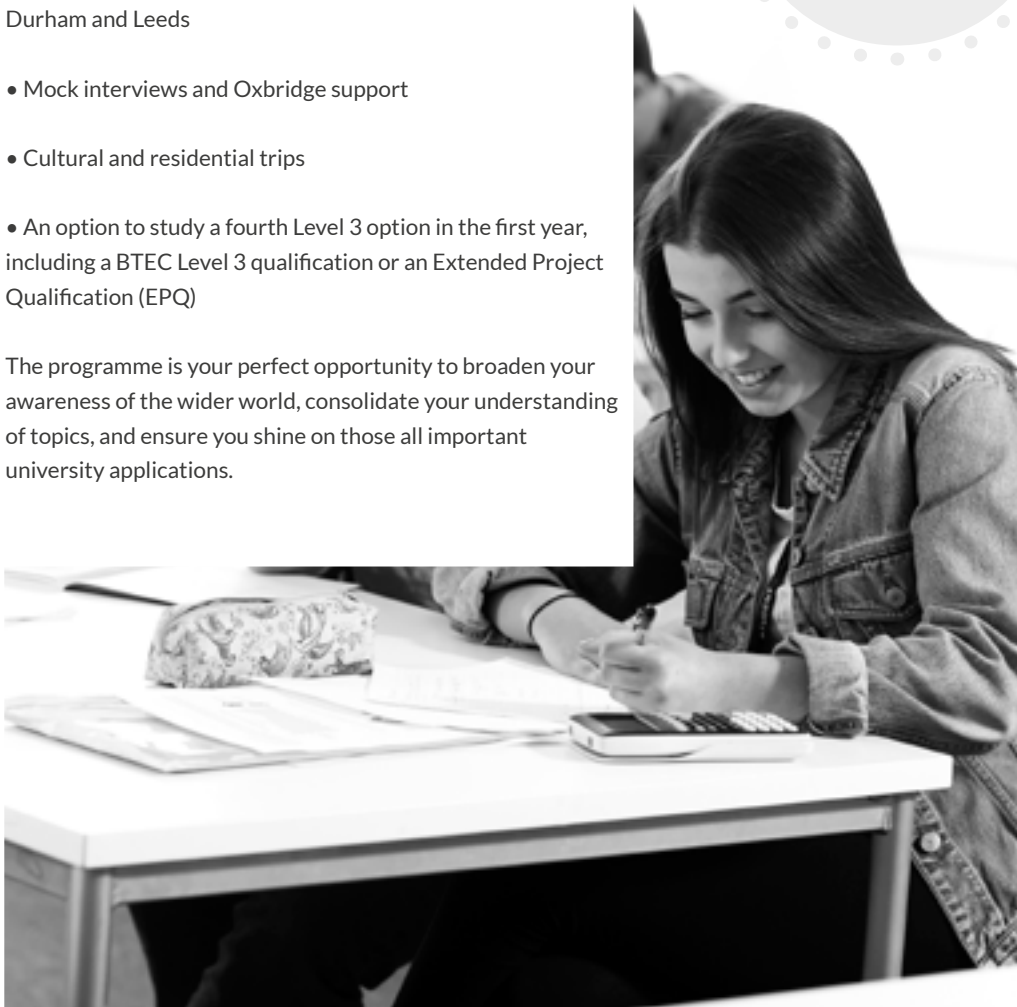

WHAT IS THE ASPIRE PROGRAMME?

Aspire is our support programme for high achieving students. If you are predicted to achieve an average GCSE point score of 6.7 or more, you will be offered this programme. It includes:

- University visits and tasters at leading universities such as Durham and Leeds
- Mock interviews and Oxbridge support
- Cultural and residential trips
- An option to study a fourth Level 3 option in the first year, including a BTEC Level 3 qualification or an Extended Project Qualification (EPQ)

The programme is your perfect opportunity to broaden your awareness of the wider world, consolidate your understanding of topics, and ensure you shine on those all important university applications.

To be eligible for the programme you need a GCSE average point score of 6.7 or more. You will need to have an offer of a place at Huddersfield New College

**1st in Yorkshire and
Humber for
pass rates**
(all qualifications)

**2nd nationally for
pass rates**
(all qualifications)

**3rd nationally for
pass rates**
A Levels
