

SOCIAL DISTANCING & KEEPING SAFE

We understand that this is a worrying time for everyone. We are asking all students to listen carefully to the advice about social distancing, and avoid leaving home unless it is absolutely vital.

As a College we want to keep everyone in our College community and beyond as safe as we can, which is why we have taken the decision to move to remote learning. We are asking all of our students to learn in this way to try and help to control the spread of the virus. The advice is very clear in that we all should be at home unless there is genuinely no other choice.

Campus therefore will not be open for students until we are told it is safe for us to do so, although we are in regular contact with students who are considered vulnerable and will make arrangements as necessary. If for any reason you feel it is unsafe for you to be at home or you are worried for your personal safety or well-being email safeguarding@huddnewcoll.ac.uk

Thank you to all of our students who are working with us during our remote learning phase. We are looking for ways we can best support you in this rapidly developing situation - please stay safe.

EXAMS AND ASSESSMENT

The exam boards and awarding bodies are starting to respond to the Government's announcement last week about exams and assessment and we are hoping to receive detailed information about next steps soon.

We want to be able to provide you with a full picture and accurate advice about these announcements. We are asking you continue with remote learning and we will share more as soon as we can.

THE HNC TREES WON'T GO TO WASTE

The trees donated to us by The Woodland Trust will now be planted at Scammonden Dam by individual volunteers. We will apply for further trees next season. Thank you to everyone who signed up for the planting that was meant to happen today (Monday 23rd March).

IMPORTANT NOTICE ABOUT UNCONDITIONAL OFFERS

We are aware that many students are now receiving unconditional offers from universities.

It is important that you don't feel pressured to accept an offer and there is no need to provide an immediate response - you should take the time to consider carefully the course which most appeals to you and the one which is most likely to lead to your chosen progression route.

Please remember the Careers team and your Progress Tutor are here to support you during our remote learning phase, including with Student Finance applications.

Fancy a singalong? There's some fun online events happening to help us all with social distancing. This one is everyday at 3pm.

Remote learning

Google Chrome is the best browser to use when accessing our various remote learning tools including Moodle and Cedar

Careers remain available to support you during this time - see the Careers section on Moodle for full details and lots of resources and ideas!
