Staying Safe Together: Masks on the Move

Please remember that you must wear your face masks when on the move.

This includes when on the move to College by College bus, by public transport or in a car share.

This includes when you enter or exit the College, or are in a public area (such as Reception), or are moving from one classroom to another, or from one part of the College to another.

Please note: you do not need to wear your masks when seated in classrooms, or when seated in your Lunch Bubble, or when seated outside.
