

GET QUALIFIED AS A MICROSOFT SPECIALIST

Would you like to gain an additional qualification that helps you to stand out from the crowd? Here

at HNC you can take your Microsoft Office Specialist qualifications, which demonstrates your skills and abilities in software packages such as Word, Excel and PowerPoint.

You can now register to take these qualifications. Microsoft packages are used by the vast majority of organisations around the world, so gaining a recognised qualification can help you to stand out from the crowd. You'll also be able to use these packages to their full potential, supporting your wider studies. Revision sessions will be offered this year too. Email mos@huddnewcoll.ac.uk or visit Moodle for further details.

ADOBE CLOUD

You may have seen our message about the need to backup Adobe cloud items from <https://assets.adobe.com/cloud-documents> in order for maintenance to be completed. We have now allocated more time for this and the deadline will now be 19th December.
