Educational Visits

Out of Hours Learning (often referred to as Curriculum Enhancement activities)

Hodge Hill Girls School; Learning Outside the Classroom Policy

Rationale

Hodge Hill Girl's School promotes the well-being and achievement of everyone in the school community. We are concerned with the social, moral, spiritual and emotional development of our students as well as developing academic performance. Pupils can derive great educational benefit from off site visits and extra-curricular activities which may also contribute to these key areas of development. Through offsite visits and extra-curricular opportunities, students have the opportunity to gain experiences not available in the timetabled curriculum and, therefore, develop new skills.

This policy is designed to help the school sustain and promote a broad range of offsite Educational Visits and extra-curricular activities whilst ensuring that pupils and staff stay safe and healthy whilst participating in such opportunities.

This policy supplements the LEA's BCC Policy and Guidance for Educational Visits and Learning Outside the Classroom (2022). It should be noted that Birmingham City Council ("the Council") has formally adopted "**Outdoor Education Advisers Panel National Guidance for the Management of Outdoor Learning, Off-site Visits and Learning Outside the Classroom**". This guidance can be found on the following web site:

www.oeapng.info

Background Information:

This policy document makes reference to 'learning outside the classroom' to encompass extracurricular activities and educational visits.

Definition of an Educational Visit:

Any organised, off-site visit involving pupils or young people that requires the permission and approval from the EVC, Head Teacher and the parents/guardians of the pupils attending. A visit may take place at any time of the year. Please note that visits that take place during the school day do not require additional parental approval; Hodge Hill Girls' School follows good practice advice to inform parents when a visit takes place within the school day. However, there are occasions when additional consent will be sought and each visit is planned on a visit by visit basis.

Joint Educational Visits:

Joint visits by establishments are entirely acceptable and offer many educational benefits. A BCC (Birmingham City Council) establishment's involvement in the organisation of such a visit may vary in terms of contribution to planning, selection of pupils or young people or allocation of accompanying staff, however, full application of approval and record keeping procedures (Policy and Guidance for Educational Visits) must be made by Hodge Hill Girls' School EVC regardless of the number of pupils or young people attending.

The Visit Leader on joint visits must be specifically known and approved by the EVC/Head Teacher from each participating establishment and each establishment

Hodge Hill Girls School; Learning Outside the Classroom Policy

must be satisfied, approve and record centrally in their own establishment all the arrangements agreed.

Key Points for all visits:

- All Educational Visits must have clearly identified aims and objectives.
- All Educational Visits must have an approved competent Visit Leader who is a BCC employee.
- Approval for an Educational Visit and for the designated competent Visit Leader role is made by the Head Teacher/EVC.
- All visits must provide evidence of a prepared written risk assessment /risk management assessment. All staff accompanying the visit must sign the risk assessment to say that they have read, understood and will adhere to the risk assessment at all times during the visit.
- Visit Leaders must carry copies of all supporting documentation on the visit, e.g. emergency contacts, itinerary, names and group detail.
- EVC's must retain and record all supporting documentation centrally.
- Parents must be fully informed of all arrangements; this includes visits which take place during the school day and do not require consent.
- Well planned visits lead to successful visits and Visit Leaders must be fully aware of and adhere to all the relevant policies, guidelines and procedures in place to support Learning outside The Classroom.

OFSTED's Key Finding from the most recent report on Learning Outside the Classroom (Oct 2008) states:

- When planned and implemented well, learning outside the classroom contributed **significantly to raising standards** and improving pupils' or young people's personal, social and emotional development.

Hodge Hill Girls' School fully supports the vision behind the Government's 'Learning Outside the Classroom' Manifesto. We recognise that the benefits for children engaged on educational visits and participation in extra-curricular activities include:

- Raising achievement through organised, powerful experiences and opportunities.
- Participating in challenging physical activity and encouraging healthy lifestyle
- Raising self-esteem, confidence and independence.
- Appreciating landscape diversity through exploring natural environments.
- Experiencing a range of built environments, extending their cultural awareness and widening horizons.
- Being involved in teamwork and problem-solving through residential experiences.
- Engaging pupils or young people and making learning 'real' and relevant.
- Supporting national agendas and initiatives.

Hodge Hill Girls School; Learning Outside the Classroom Policy

Inclusion and Entitlement

Educational visits and extra-curricular activities are an integral part of the curriculum. All pupils or young people are entitled to participate irrespective of social background, culture, race, gender, differences in ability and disabilities.

Teachers will set appropriate learning challenges, responding to pupils' or young people's diverse learning needs. Hodge Hill Girls' School will make provision, with well planned reasonable adjustments made to support pupils or young people, enabling them, where possible, to participate effectively in all educational visits and extra-curricular activities.

It should be noted that Pupil Premium funding is used to support a range of educational and extracurricular activities with contributions subsidised where appropriate for Pupil Premium pupils. Some visits are fully funded by the school. Educational Visits and extra-curricular activities follow the school 'Charging and Remissions Policy'. Where voluntary contributions are requested for activities, it is clearly stated that these may not run if there are insufficient voluntary contributions.

Hodge Hill Girls School; Learning Outside the Classroom Policy

Notes on 'Risk Management' and the Planning and Preparation for Educational Visits

Thorough preparation for a visit must be undertaken. The EVC (Nazreen Malik) and the Head Teacher should be consulted regarding the arrangements, nature and purpose of the visit. The visit should have clear educational aims. The following must be addressed in further planning:

- Matters of supervision, Provider checks, content of the day's (s) activities, first aid and transport must be considered and organised in advance.
- Parents must be advised of the details of any visit and kept fully informed. Any cost of the visit must take into account the 'School Charging and Remissions' Policy.
- All necessary permission via school gateway or consent slips must be obtained where needed.
- A charged mobile phone should be taken on all trips. Check that mobile phone coverage is in the area that you are visiting. Where this is not possible, a contingency should be arranged and communicated to all involved.
- An Emergency Contingency Plan B needs to be in place, detailing alternative arrangements due to inclement weather, transport breakdown etc. This process will have been discussed by all visit staff to support thorough planning. Dynamic risk assessments are made as needed.
- Planning support, notification forms, provider questionnaire, checklists and generic risk assessments can be accessed through resources and information on the website pages www.oeapng.info.
- Information to support visit and extra-curricular planning is provided on Sharepoint, Q drive and by the EVC as required.

How to undertake a risk assessment and who to submit it to

In addition to the above planning, a written Risk Assessment (a statutory requirement) must be made for any proposed educational off-site visit. It should:

- Identify any significant risks which pupils or young people, staff and helpers may be exposed to and outline any control measures that will be put in place to reduce risks to an acceptable level;
- Be passed on to the EVC (Nazreen Malik) for consultation and approval.
- During the visit, be kept with the Emergency Contact List and other planning and risk management documentation.
- Check if the venue and/or provider have their own risk assessments. These may be adapted to support school risk assessment documentation and in line with individual pupil and staff need.
- Ensure a suitable 'Collective Discussion' takes place regarding the 'risk assessment' prior to the visit, ensuring ownership of the 'risk assessment' by the Visit Leader and all accompanying staff. Any 'Generic' risk assessments must be changed, adapted or modified to suit the specific considerations and needs of the group during this discussion/meeting.

Hodge Hill Girls School; Learning Outside the Classroom Policy

The six main considerations in undertaking risk assessments are:

- Type of Group
- Staffing (ratios and competency)
- Equipment
- Venue/Activities
- Travel
- Emergency Procedures

'STAGED' (Staffing, time of year, activity characteristics, group characteristics, environmental conditions, distance from support mechanisms) are all considered.

More detailed prompts under each consideration, to help in undertaking risk assessments, may be obtained from the EVC, Nazreen Malik. **With more hazardous or unusual visits close contact between the school and the venue/provider is an important safeguard. A preliminary staff visit should be made if necessary. Seek advice of Head Teacher or EVC, Nazreen Malik.** Risk Assessments must be passed on to the EVC, Nazreen Malik as follows:

- Off-site visits – 2 weeks prior to the visit. (The LA will require at least one month's notification for Adventurous Activities and six months notification for Overseas Visits).

During the visit

In addition to measures documented on the Risk Assessment staff should –

- If travelling by coach or minibus, please ensure the driver has Hodge Hill Girls' School contact details.
- Carry a class list/register. This is to be called before starting a trip and departing from any visit. In addition, regular head counts should be carried out.
- Ensure adequate supervision and check children are always given suitable briefings in their group with their group leader and staff take regular head counts.
- Be prepared to make 'ongoing' professional judgments related to assessment of risks.

After the visit

- A post visit evaluation report should be completed, any accident/incident details recorded, and the risk assessment reviewed appropriately.
- Where possible encourage children and adult helpers to contribute to this report. A copy of the report should be given to the EVC, Nazreen Malik.

All relevant information and paperwork are accessible in the Education Visits Folder on SharePoint and in Q.

July 2022 – The school is liaising with School Safety re: implementation of eVisit, Birmingham's electronic management system for school visits.

Hodge Hill Girls School; Learning Outside the Classroom Policy

What is Curriculum Enhancement?

This constitutes a learning activity outside normal lessons which young people take part in voluntarily. It is inclusive, embracing many activities, with many names and guises. Its purpose is to improve young people's motivation, build their self-esteem and help them become more effective learners. It aims to enable the pupils to increase their cultural capital, support progress and raise achievement.

Our aims and objectives

- To promote development of the 'whole child' through a range of physical, social, cognitive and emotional experiences.
- To enable pupils to extend their learning beyond the range of the National Curriculum.
- To raise the general level of progress and achievement and build on the work undertaken in school time.

Provision may be targeted in a specific way so as to provide specific opportunities to meet specific needs.

Implementation and Provision

An Assistant Headteacher has day to day responsibility for the Curriculum Enhancement programme.

- Staff should follow school procedures for curriculum enhancement through directed time; additional voluntary requests for curriculum enhancement which go beyond directed time should be completed in the same fashion.
- Once approved and timetabled or calendared as appropriate, the Admin. team will create a register which will be recorded on SIMS in line with lesson registration procedures.
- Consent must be obtained for all pupils participating. Pupils may NOT participate without parental consent. Consent will be obtained via school systems; i.e. School Comms, or through verbal conversation with home and recorded on SIMS communication as appropriate.
- School registers will be taken by staff on School Comms/School Gateway
- Parents/carers can check School Comms/School Gateway or telephone School Reception to confirm if their daughter has remained after-school for an activity for which consent has been given; school will NOT contact parents in the event of a pupil not staying in school beyond 2.45pm.
- Staff responsible for activities must ensure that a register has been completed on SIMS or School Comms with the activity location detailed. If staff change the location of the activity, a note should be left on the classroom door with the new location on to enable pupils to be located quickly if needed.
- Pupils must NOT be left unattended.
- Staff responsible for activities must walk pupils to the Picnic Area at the end of the activity and ensure that pupils leave the school site.
- Pastoral Managers and a member of SLT are on duty every afternoon afterschool to support the smooth running of the programme; SLT will not leave school until all pupils have left the school site.

Hodge Hill Girls School; Learning Outside the Classroom Policy

- The 'Out of Hours Visit Dismissal Procedure and Guidelines' should be adhered to where pupils are not collected or making their own way home in line with the consent form.
- Parents/carers are advised to read this policy. Should the school communication systems be changed, updates will be posted in the school bulletin or sent via School Comms/Gateway as appropriate.

Behaviour

- Pupils must follow the school's Behaviour Policy and Professional Learning Standards at all times. Failure to adhere to this will result in the member of staff responsible following school procedures for behaviour.

Resources

- Please speak to the member of staff responsible for leading a subject/faculty to see if there are existing resources which can be used.
- If resources are needed which we do not have, please discuss with the Assistant Headteacher overseeing Curriculum Enhancement before promotion of the activity to pupils.

Cancelling a Club

If a club needs to be cancelled, school staff will:

1. Inform the Assistant Headteacher and Admin. team.
2. Inform pupils and check that pupils are able to contact home if needed; School Comms/Gateway may be used to inform parents if necessary.

'OUT OF HOURS' VISIT DISMISSAL PROCEDURE AND GUIDELINES

Out of hours: For the purpose of these guidelines the EVC has deemed that 'out of hours' means when a visit arrives back outside what may be considered to be an acceptable time after the end of the standard school day or after the end of an afterschool activity. HHGS considers this time to be 45 minutes after the stated end time.

As a school we have the responsibility of ensuring that the final stage of an educational visit and the end of an after-school activity are managed safely and effectively.

It is the Visit Leader's – or after-school activity leader's - responsibility to ensure that all pupils and staff are fully aware of the dismissal procedures at the end of the visit in accordance with the following guidelines:

- Prior to the visit taking place, ensure that information has been completed by the parent/carer stating clearly how they wish their child to make their way home e.g. with their parent/carer/adult family member, walking independently, using public transportation independently.
- Prior to the visit, the Visit Leader must ensure that the contact details are accurate for parent/carers so that for example 'School Comms/Gateway' / messages reach the correct person. To enable this to take place, parents/carers will be asked to ensure that all contact details held in school are up-to-date and accurate in communications sent home about the visit/activity.

Hodge Hill Girls School; Learning Outside the Classroom Policy

- On arrival back at school the pupils must remain in the presence of school staff who have accompanied the visit or with other designated school staff. They may only be dismissed when their parent/carer/designated adult arrives. If the pupil has permission to make their own way home, they may be dismissed from the visit on arrival back at school.
- The designated person collecting the pupil must make contact with the Visit Leader/member of the school visit staff. The Visit Leader must tick off the register list to confirm that the pupil has been collected. The Visit Leader may appoint additional staff accompanying the visit to help support this procedure.
- If pupils are unable to remain on the coach - for example if the coach company needs to depart quickly or there are parking issues the pupils must disembark the coach with all accompanying staff and be taken to a safe place within the school grounds e.g. school front field where the above procedures must then be followed.
- If a parent/carer does not come on time to collect their child, the child in question must remain with staff and the Visit Leader must contact the parent/carer/emergency contact to arrange collection. Under no circumstances should a pupil be allowed to go home on their own (unless given prior permission or verbal permission has been obtained at the time by the parent/ carer). Both pupils and staff must follow the collection procedure/requirement provided when consent was obtained which the parent/carer had completed prior to the trip.
- It is the Visit Leader's responsibility to remain at the school site (along with an additional member of HHGS staff) until the last pupil has been safely dismissed from the trip in accordance with these guidelines.

Failure to collect: in these highly exceptional circumstances procedures must be followed in accordance with the school Safeguarding Policy and the EVC/ member of the School Leadership Team and/or Head Teacher and the Designated Safeguarding Lead would need to be informed and correct procedures followed as set out below:

Emergency Procedures When a Child Is Not Collected

When a parent fails to collect a child from school or an activity at the expected time, or a parent / carer is not at home to receive the child:

- This will be brought to the attention of the Head Teacher or Designated Safeguarding Lead (DSL). The Head Teacher or DSL will then make every effort to contact the parent/carer or the named alternative carers.
- The DSL will maintain a record of incidents where parents do not collect a child from school or other activities or are absent when the child is transported home. Any child welfare concerns arising out of such incident (s) will be dealt with in accordance with child protection procedures of the school organisation.
- At least two staff should be present until responsibility for the child is handed over.

Hodge Hill Girls School; Learning Outside the Classroom Policy

- If the child has not been collected/received, and it has not been possible to contact a parent or named carer, 60 minutes after the agreed finish time for the school day/activity, a phone call should be made to the Multi-Agency Safeguarding Hub (MASH) via the Children's Advice and Support Service (CASS). (0121 303 1888 or 0121 675 4806 – Emergency Duty Team).

For further information please refer to the guidance as set out in the Birmingham City Council April 2016 document 'Emergency Procedures when a child is not collected document' as certain key information will be required, and procedures adhered to. The document also sets out the steps that MASH will take.

- In making decisions, Social Care Services and the school/organisation will prioritise interim care arrangements that best meet the child's personal and emotional needs.
- If their attempts remain unsuccessful two hours after the end of the school day/activity, Social Care Services will normally make a decision to assume care of the child and arrange for him/her to be taken to a place of safety such as a foster care or residential home.
- Children's Social Care will confirm the arrangements with the school/organisation and with those caring for the child at that time and will provide contact details of the child's placement of the time.

It is essential that the relevant paperwork (as detailed in the appendix at the end of the Birmingham City Council document) is completed and appropriately stored.

POLICY REVISED: July 2022 following updates to Birmingham's 'Policy and Guidance for Educational Visits and Learning Outside the Classroom; to be reviewed October 2023 with ongoing amendments made as necessary.

Alterations to processes may be made in line with eVisit should full implementation of this be undertaken by the school.
