Dear Parent/Carer

As part of our process in school, we are currently updating our medical files. Please can you provide any information regarding your child and any new medical condition. If your child is currently identified with a medical condition and her needs have changed please contact the school so that we can update our records.

This information is important so that we can make sure that all your child's needs are met. If in the future, there are any concerns please contact the school so we can discuss the concerns that you have raised. The person you need to contact is Mrs Morrison.

Yours sincerely

Mrs Morrison

Dear Parents/Carers

We are currently updating pupil's medical records and would like you to complete the following information if your daughter is asthmatic. This information is important and needs to be returned to school as soon as possible.

1. I can confirm that my child has been diagnosed with asthma / has been prescribed an inhaler [delete as appropriate].
2. My child has a working, in-date inhaler, clearly labelled with her name, which they will bring with them to school every day.
3. In the event of my child displaying symptoms of asthma, and if her inhaler is not available or is unusable, I consent/do not consent for my child to receive salbutamol from an emergency inhaler held by the school for such emergencies (please delete as appropriate).
