

**HODGE HILL
PRIMARY SCHOOL**

Monday 6th November 2023

Dear Parents

LATEST ADVICE FROM WM FIRE SERVICE

Winter water safety

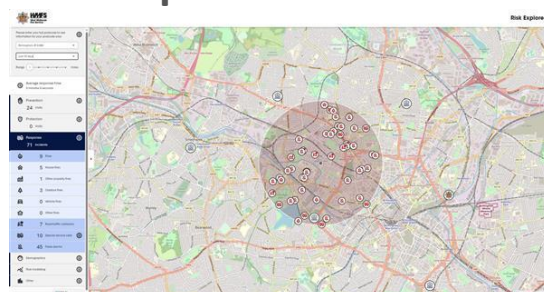

As winter draws near, open water, rivers and canals pose a real danger. Children and dogs are especially at risk, as well as adults who might try to rescue them.

We have a host of information on our website, covering the dangers of frozen or icy water, what to do if you or someone else falls in, and how to help someone once they've been rescued.

<https://www.wmfs.net/safety/winter-water-safety/>

Our 'Risk Explorer' is now available!

If your postcode's in the area we serve, check out our new Risk Explorer!
Delve into some of the data we use to make our communities safer, stronger and healthier: <https://riskexplorer.wmfs.net/>
