1. AIMS

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum.
- Improve the physical environment of the academy to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.
- Improve the availability of accessible information to pupils with disabilities.

Our academy aims to treat all of its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Equity is one of the four cornerstones of everything we do at Hollingworth Learning Trust. The provision for pupils with special educational needs and disability (SEND) at Hollingworth Academy is inclusive and also allows for reasonable adjustments to be made to support the learning and wellbeing of these pupils, regardless of need. The following document sets out how pupils with SEND are supported, nurtured, valued and encouraged from transition to the school, through to transition into the post-16 sector.

"We believe that every individual pupil at Hollingworth Academy should be challenged and supported to make outstanding progress academically and develop into an independent, considerate and confident young adult, capable of successfully entering further education, employment or training. We have the highest expectations for all of our pupils. Their success is our success." Darren Randle, CEO.

The plan will be made available online on the academy website and paper copies are available upon request.

Our academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The academy supports any available partnerships to develop and implement the plan.

Our academy's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in the academy, the complaints procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents/carers, staff and governors of the academy.

To ensure pupils with special educational needs and disability (SEND) receive effective provision and intervention, so they make good progress in line with expectations and that they develop independence and confidence in all aspects of learning. This provision will be based initially on 'Quality First Teaching' (QFT) that includes effective differentiation, which allows all pupils to access learning in a safe and secure environment.

To ensure that parents/carers of pupils with special educational needs and disability are fully informed of their child's progress, support and interventions.

To ensure a robust process for evaluating the effectiveness of interventions is in place.

To ensure all advice from external agencies is effectively responded to, acted upon and is considered in evaluating a pupil's provision.

To ensure that pupils with SEND are involved in discussions about their progress and provision.

2. LEGISLATION AND GUIDANCE

This document meets the requirements of [Schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [Guidance for Schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

3. ACTION PLAN

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Aim	Current Good Practice <i>Include established practice and practice under development</i>	Objectives <i>State short, medium and long-term objectives</i>	Actions to be Taken	Person Responsible	Date to Complete Actions By	Success Criteria
Increase access to the curriculum for pupils with a disability.	<ul style="list-style-type: none"> Our academy offers a differentiated curriculum for all pupils. We use resources tailored to the needs of pupils who require support to access the curriculum. Curriculum resources include examples of people with disabilities. Curriculum progress is tracked for all pupils, including those with a disability. Targets are set effectively and are appropriate for pupils with additional needs. The curriculum is reviewed to ensure it meets the needs of all pupils. With the support from feeder primary schools and specialist professionals such as SALT, RANS and CAMHs, a pupil's needs are considered when they start at Hollingworth and appropriate measures are put in place to enable the pupil to access the full curriculum. These individual strategies are communicated to all staff through INSET days and/or documentation.
