

MEMORABLE EXPERIENCES

2025 - 2026

"EVERYONE EXCELS EVERYDAY"

ITALY SKI TRIP

Our recent ski trip to Cesana, Italy was an amazing experience from start to finish! We were lucky to have beautiful weather all week, with clear skies and stunning mountain views — perfect conditions for skiing.

Students enjoyed four hours of ski lessons each day with fantastic instructors, some of whom had even represented their countries. The progress made over the week was brilliant, with everyone growing in confidence on the slopes.

There was plenty of fun off the slopes too, including a highlight pizza night and delicious crêpes at the bottom of the mountain after a day of skiing.

It was a truly memorable trip, full of achievement, fun, and unforgettable moments.
