

MEMORABLE EXPERIENCES

2024 - 2025

"EVERYONE EXCELS EVERYDAY"

NAPLES, ITALY

Year 11 Geography students enjoyed an incredible visit to Naples, Italy, over the Easter holidays.

Over four days, our students experienced the Italian culture and took in the breath-taking scenery, as well as having fun along the way! Memorable moments included: a tour of the Roman city of Pompeii; summiting Mount Vesuvius (where we bumped into an ex-student and her family!); a laser boat tour around the island of Capri to view the spectacular coastal features; pizza and shopping in Capri's main square; and ice creams and dancing in Sorrento.

Our students were a credit to the academy and their families; the camaraderie and teamwork they demonstrated was commendable. I'm sure the memories they made will last a lifetime!
