PSHE

Vision: PSHE education will develop the qualities and attributes children need to thrive as individuals, family members and members of society. Children will acquire the knowledge, understanding and skills they need to manage their lives now and in the future.

Intent: We aim to:

- Develop pupils' understanding of personal, social, health, economic and citizenship concepts.
- Promote physical and mental wellbeing, resilience and lifelong healthy habits.
- Inspire pupils to become responsible members of their communities by fostering an understanding of living in the wider world.
- Enable learners to form appropriate relationships and maintain dignity and respect for each other.

Implementation: How will we achieve our aims?

PSHE is taught through the three main strands: Relationships, living in the wider world and health and wellbeing. We celebrate diversity and promote equality through planned, developmental schemes of learning. The PSHE curriculum is built around British values, the rights of children and protected characteristics. We provide pupils with strategies to advocate for themselves and others respectfully.

What do Hollybrook pupils learn to do in PSHE? (Disciplinary Knowledge)

Question and respond	Communicate and discuss	Explore and Respect	Find and suggest solutions
