

Music

At Holy Cross Church of England Primary School, we have just started to follow the Charanga Music scheme which enables our learners to enjoy a well-balanced Music curriculum, providing demonstrations from experts and fulfilling the National Curriculum requirements in this area.

We hope to make Music fun and exciting as well as inspiring budding musicians to achieve their ambitions. Each session will follow a similar routine, allowing children to feel comfortable in the pattern of our learning whilst expanding their schema lesson by lesson, year by year. Music is a valuable part of all of our lives from listening and appreciating and developing our technical skills to allowing us to unwind, a key part of being mentally healthy.
