Date: 08/01/26

Dear Year 10 and 11 Parents/Carers

Did your child miss any of their school immunisations? It's never too late to get protected. All secondary school children are offered immunisations to protect them against HPV-related cancers and to boost their immunity against Diphtheria, Tetanus, Polio and Meningitis ACWY, helping to keep them protected into adulthood.

The Immunisation Team will be attending school on **Tuesday 27th January** and can vaccinate your child on the day if consent has been provided.

If your child has missed any routine immunisations, please use this link eConsent External Form to complete the relevant e-consent forms. If you are unsure whether your child is up to date, please contact the Immunisation Service at **mcn-tr.seftonimmunisationteam@nhs.net** or **0151 247 6130** and the team will be happy to check their records.

Many Thanks,

School Based Immunisation Services
