

BIKE RIGHT

Bike Right is providing Bikeability level 3 cycle skills training. This course will be held on the 30th of July 2024 and will take place at 111-115 Marsh Lane, Bootle, L20 4JD.

Two sessions are running at 11 am-12 pm and 12 pm-2:30 pm.

During the 2-hour Bikeability Level 3 course trainees will learn the skills to tackle more challenging roads and traffic situations than those they may have experienced before which typically surround high schools.

We require each child to have a working bike and a helmet. If needed bikes can be provided but this must be organised before booking onto the course.

The course is specifically for children aged 11 and over and is especially useful for children joining Year 7 in September and wish to cycle to school.

If you could share the following link with your parents that would be great:
